

C210 cartridges are appropriate for **precision soldering** jobs with medium power requirements.

Due to the size, these cartridges are perfect to work with SMD, under a microscope, or with conventional components.

They work with **T210** Precision Handle, **B.100** and **B.500** Tools for B.IRON.

JBC Long Life Tips offer instant heat up, excellent heat transfer and great durability.

They last **5 times longer** than other brands thanks to JBC Most Efficient Soldering System and Sleep & Hibernation Modes.
