

This one is similar to the **C120004** cartridge but it has a **larger tinned surface** (5mm length).

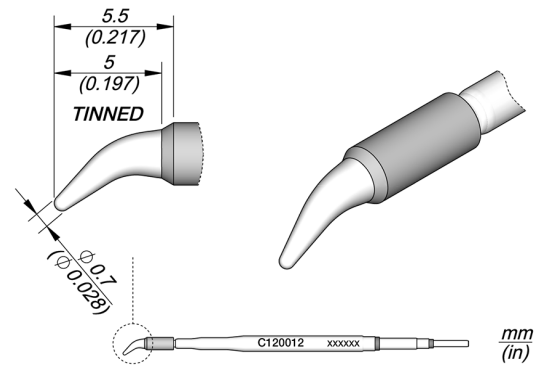

**C120 cartridges** are appropriate for soldering and desoldering chip components or **dual in line** easily, reducing handling time.

They work with Micro Tweezers which enables to align the cartridges according to the user needs.

**JBC Long Life Tips** offer instant heat up, excellent heat transfer and great durability.

They last **5 times longer** than other brands thanks to the JBC Most Efficient Soldering System and the Sleep & Hibernation features.

**Cartridges are sold individually**
